

Addendum No. 1

Request for Proposals: Independent Auditor

Date: June 18, 2025

This addendum is issued to inform all prospective bidders of a delay and potential changes to the above-referenced RFP.

Background:

The original RFP sought audit services for fiscal years 2023 and 2024. It has recently come to our attention that audit services for these years may no longer be required. Instead, services may be needed beginning with fiscal year 2025. As such, the scope and associated timeline for the RFP are under review.

Update to Timeline:

The RFP timeline, including the question and answer (Q&A) period, is currently on hold. A revised schedule will be issued in a forthcoming addendum once the updated scope and requirements have been confirmed.

Next Steps:

We anticipate issuing an updated timeline and any related modifications to the scope of work by **June 27, 2025**. Bidders are encouraged to monitor the RFP site for future updates.

Important Note:

No action is required from bidders at this time. However, all previously submitted questions and proposals will be held pending the forthcoming revision.

We appreciate your understanding and patience during this process.
